**SEMINAR REPORT**

A seminar titled "കേരളത്തിലെ വിദ്യാഭ്യാസവും പുരോഗതിയും" (Education and Progress in Kerala) was organized by the Department of Chemistry in collaboration with the Internal Quality Assurance Cell (IQAC) at Sree Krishna College, Guruvayur, on September 3, 2026, at the Mini Auditorium. The program commenced with a prayer song, followed by the welcome address by HoD Dr. Sreeja T.D. and the presidential address by Principal Dr. Santhosh P.P.. Distinguished college alumnus Dr. Jestin B Mandumpal (MRSC, Chartered Chemist, London, and Assistant Professor at the American University of the Middle East, Kuwait) served as the resource person. Delivering an insightful keynote session based on the Kerala 3.0 platform, he integrated the AEOC experiential learning models with localized scientific examples like chemical titrations to address societal challenges, including public debt, unemployment, and infrastructure development. Following a felicitation by College Union Vice Chairman Fidha Nasrin, the event, which was actively attended by 53 participants, successfully concluded with a vote of thanks proposed by Associate Professor Dr. Jayasankar M..
